

CRAFTSMAN QUALITY CUSTOM GLULAM ENGINEERED WOOD PRODUCTS

SilvaLam™ offers high quality ANSI certified structural timber, balancing superior craftsmanship with value. Engineered to meet the highest standards of strength and beauty, our products are a testament to our dedication to excellence. Whether for indoor or outdoor use, SilvaLam™ is the choice for those who demand quality, service, and value.

BEST IN CLASS

It all starts with quality. Quality products with incredible service you can count on to be the best.

ENGINEERED QUALITY

Diverse structural design options, empowering builders with flexible, reliable solutions for innovative construction projects.

CUSTOM PRODUCTION

Whether you need 60' beams, custom-curved arches, or project-specified sizes, we can do it.

WHY CHOOSE SILVALAM™?

Contractors and builders alike choose SilvaLam™ for its unmatched structural strength and aesthetic appeal. Our products are not only structurally certified, but they also embody elegance and resilience, making them ideal for both indoor and outdoor applications.

KEY FEATURES

- ANSI and CSA Certified
- Premium kiln-dried Alaskan Yellow Cedar or Douglas Fir
- Indoor and outdoor versatility
- Unmatched design flexibility

Crafted with the precision and care that define that West Coast spirit, SilvaStar delivers structural posts and beams of the highest caliber.

Each piece is designed to integrate flawlessly with your vision, bringing a touch of elegance to the robust reliability you require.

SilvaLam™ curated laminated timber exemplifies the fusion of superior craftsmanship and innovation, ensuring that every aspect of your project resonates with quality and the unique charm of the Pacific Northwest.
