WHY SILVAPOST™?

We think the best way to answer that question is with another question: “How valuable is consistent quality?” For most of us, value is expressed as the combination of price, quality, and service. We believe that while price gets you in the door, quality and service keep you on the job. We provide quality products, and stand behind them with no reservations.

KEY FEATURES:

- Install and paint and you're done, no wrap needed
- Certified for indoor/outdoor structural use, horizontal or vertical
- Kiln Dried SPF Finger Jointed and/or edge glued, face laminated structural posts and beams giving a completely unique look
- Available in smooth or textured (pictured on left)
- Available in clear sealed or primed with options for prefinished (send us pictures of your finished jobs!)

SIZES AVAILABLE: 4" x 4" - 12" x 12" AND UP TO 20' IN LENGTH

SILVAPOST™ — YOUR WUI COMPLIANT HEAVY TIMBER SOLUTION

Building in wildfire-prone areas? All SilvaPost™ 8x8 and larger exceed WUI fire code requirements for heavy timber construction — engineered strength for patios, decks, walls, and other exterior structures. Strong, reliable, and fire-resistant—choose SilvaPost™ for a code-compliant solution in fire-prone areas.

Upgrade the fungal decay, rot, and termite protection for SilvaPost™ products by including our durable FrameGuard® coating. FrameGuard® Total™ comes with a 30 year warranty.
